

MATERIALS THAT CAN'T BE COLLECTED BY JIPSD:

- **Automobile Parts** (motors, tires, rims, doors, fenders, car seats and batteries, etc.)
- **Bricks, Rocks or Concrete/Asphalt**
- **Contractor Generated Material** (including construction, floor coverings and yard debris, etc.)
- **Dirt**
- **Hazardous Materials** (solvents, paints, pesticides, herbicides, drain cleaners, petroleum products, gasoline, lead-acid automobile batteries, asbestos, flares etc.)
- **Paint Cans** (unless paint is completely dry in the can with lid off)
- **Roofing Materials**

Please do not put any liquid or dry chemicals, ammunition, or any other hazardous waste material for solid waste collections.

Please do not dump these items illegally.

Hazardous Waste can be disposed of by calling Berkeley County Landfill (843) 572-4400 or Waste Management - Oakridge Landfill (843) 563-2607. For procedures on disposal of hazardous waste, visit the Environmental Management Department at www.charlestoncounty.org.

Homeowners can recycle used motor oil and antifreeze at the Recycling Drop Off Center located at a Charleston County Drop Off site. These sites are solely for the collection of recyclables; no trash will be accepted. Check out Charleston County's website for recycling drop off locations and hours of operations.

JIPSD HOLIDAYS

- New Year's Day
- Martin Luther King, Jr. Day
- President's Day
- Confederate Memorial Day
- National Memorial Day
- Independence Day
- Labor Day
- Veteran's Day
- Thanksgiving Day
- Day after Thanksgiving
- Christmas Eve
- Christmas Day
- Day after Christmas

The collection schedule may vary on these holidays. The designated day for a JIPSD holiday closing can be found in *The Post & Courier* newspaper as well as on our website, www.jipsd.org. For example, if the holiday falls on a Monday, garbage pickup will be one day late for that week. If you have any questions about the collection schedule, please call (843) 762-5260 or (843) 795-9060.

IMPORTANT PHONE NUMBERS

HELP KEEP JAMES ISLAND CLEAN!

Tenants and property owners are responsible for picking up all litter, spoilage, debris, and broken glass, etc. from the front of their property, the sidewalk and the gutter area.

GARBAGE & YARD DEBRIS COLLECTION PROCEDURES

James Island Public Service District

Dedicated to Public Service Excellence

EASY TO MANUEVER ROLLING CARTS

Each home will be provided with one durable, weatherproof 96-gallon cart that rolls easily to the curb for collection. (Smaller sizes are available upon request.) Customers must utilize JIPSD's standard rolling carts, which remain property of JIPSD. Customers must use the standard rolling carts issued by JIPSD. Non-District issued garbage receptacles will be picked up for proper disposal.

Additional rolling carts can be purchased by calling our Solid Waste Department at (843) 762-5260. The cost for an additional rolling cart will be the current JIPSD's purchase price. There is a maximum of three rolling carts per residential household and commercial property. Purchased rolling carts are the property of the purchaser.

For aesthetic reasons, all rolling carts are uniform in appearance. **Rolling carts should not be defaced with paintings or decals.** Garbage should be placed in plastic bags for cleanliness and to assist in the prevention of litter on the streets. Garbage left outside of the rolling cart will not be collected; if you have extra garbage, please hold it until the next collection day. Do not overfill the rolling cart so that the lid will not close. ***The rolling cart must be placed curbside by 6 a.m. on collection days.***

If your rolling cart is damaged or stolen, contact the Solid Waste Department at (843) 762-5260 and we will look for the missing rolling cart. A temporary rolling cart will be issued while JIPSD works with the police to investigate the theft of a rolling cart. Damaged JIPSD owned rolling carts may be repaired or replaced by JIPSD. Rolling carts that are lost or damaged through misuse/neglect will be replaced by the property owner/tenant at JIPSD's purchase price.

JIPSD owned rolling carts damaged through normal wear and tear or rolling carts damaged by a JIPSD Solid Waste vehicle (including a purchased rolling cart) will be repaired if necessary by JIPSD at no charge.

CONVENIENT COLLECTION

All garbage, bulky items and yard debris will be picked up on the same day but with different trucks. Thus, it must be separated for collection.

On collection days, a vehicle equipped with a lifting mechanism will stop in front of your property while collectors pull your rolling cart up to the lift and empty the rolling cart. After collection, you should roll the rolling cart back to its storage location the same day as your collection.

BULKY ITEMS

(limit to 4' x 5' x 15' neatly stacked in same direction)

JIPSD will pick up the following household garbage and bulky items:

- Furniture
- Mattresses
- Appliances
- Building materials related to homeowner repair, such as plumbing; doors; carpets and padding; landscape timber; lumber/boards less than eight feet with nails bent down; and windows/mirrors with glass taped in an "X" to prevent shattering

Remember:

- Stack debris in the same direction
- Place loose tile in a box or heavy duty bag
- Glass items should be placed separately from other debris

YARD DEBRIS

Yard debris is collected on the same day as your roll out garbage. To ensure collection, please prepare it in the following manner:

Small trimmings from shrubs or grass clippings, pine cones, and pine straw MUST be placed in recyclable paper bags. (Bags suitable for use can be purchased at local retailers.) Loose leaves and grass placed at the curb in piles will not be collected.

Major limbs should be cut less than six feet in length. Please do not place yard debris to be collected under low hanging power lines or limbs, near parked cars, on top of water/gas meters, adjacent to fire hydrants, on top of sprinkler heads or material that may be damaged by mechanical loading devices. ***Piles no larger than 4' in height x 5' in width x 15' in length should be neatly placed parallel with the road.***

Yard debris must be separated from all other trash, construction debris, furniture, or white goods (stoves, refrigerators, freezers, etc.).

Leaves, grass, tree limbs and shrub trimmings are recycled by Charleston County into useful mulch and compost that is sold back to the public. For more information, contact Charleston County Recycling at (843) 720-7111. Contact our Director of Solid Waste Services at (843) 762-5260 before placing large stumps curbside for pickup.

PLEASE REMEMBER:

Recycle used motor oil & filters, batteries, textiles, computers, electronics, left-over paint, and corrugated cardboard at the James Island Recycling Center on Signal Point Road.
