### **New Fire Station 1 Headquarters Project**

Things are moving along for our new fire station and we are very pleased with the progress. Exterior painting is nearly complete so please ride by 1108 Folly Road and see how it looks; we think it is beautiful. We expect completion in November/December and are very proud of a Fire Station that will hopefully last as long or longer than the current one. Once we have a firm date on completion, we will schedule a ribbon cutting/open house, so keep your eye out for the date!
